**General Plan Information**

---

**Excessive Trading.**

While the plan permits you to change the investment of your balance each day, it is not designed or intended to be a brokerage account or trading account. Trading in and out of funds on a daily basis can disrupt appropriate management of the plan's investment options and causes increased transactional costs and losses to participants who do not engage in such activity. In the event that a participant engages in excessive trading, the plan may restrict the number of transactions that the participant may engage in. Alternatively, the plan or the manager of the investment option may impose a fee for such trading. Please see the Investment Comparative Chart for details on the excessive trading rules for each of the plan's investment options.

**Voting and Tender Rights.**

You do not have the right to exercise voting, tender, and similar rights related to the plan's investment options. These rights will be exercised by the Plan Sponsor.

**Your Right to Direct Investments.**

The plan offers a menu of investment options that allow you to create a diversified portfolio that meets your individual needs. You are able to elect how your account balance and future contributions are invested among the plan's investment options. This election can be made through the plan's website at [www.yourplanaccess.net/nwps](http://www.yourplanaccess.net/nwps) or through the voice response system at 877.410.9984, Provider ID 6789.

Additionally, the plan has Model Portfolios as investment options. These Model Portfolios are made up of the investment options shown on the Investment Comparative Chart. More information on the models can be obtained from [www.yourplanaccess.net/nwps](http://www.yourplanaccess.net/nwps)

**Administrative Expenses**

---

**Estimated Plan Expenses Rate.**

It is estimated that your account will be charged 0.11% to pay the Plan Expenses. This estimate is based on the expected charges that will be incurred by the plan and the amount of these charges that have been historically paid by the Plan Sponsor or from a portion of the Total Annual Operating Expenses of the plan's investment options.

**Plan Fees Charged Against Assets.**

The plan incurs expenses and fees for services such as investment advisory, trustee, custodial, administration, auditing, recordkeeping, government reporting, employee communications, bonding and other insurance, travel, mail, courier communications, and printing and other charges described in the prospectuses for the investment funds. These fees are paid directly to the service providers. The Plan Sponsor may choose to pay some of these fees, but is under no obligation to do so. These fees are charged to all participants with a balance in the plan based on their proportional share of the plan's assets. Some fees may be paid from a portion of the Total Annual Operating Expenses of the investment options shown on the Investment Comparative Chart.

**Individual Expenses**

---

**Distribution Fee.**

This fee is charged to any participant that requests a distribution from the plan. The fee is \$70.00.

**Former Employee Fee.**

This fee is charged annually to any participant that is no longer employed. The fee is \$140.00.

**Loan Initiation Fee.**

This fee is charged to any participant that elects to take a loan from the plan. The fee is \$150.00.

This document includes important information to help you compare the investment options under your retirement plan. For more information regarding contents of this notice please contact your Plan Administrator, Beth Williams, at (253) 661-1700 or by mail at P.O. Box 26730, Federal Way, WA 98093.

Additional investment information including more performance information is available at the website addresses shown below. To request and obtain paper copies of the information available on those websites please contact the Plan Administrator.

Keep in mind that the cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings, but is only one of many factors to consider when you decide to invest in an option. Visit the Department of Labor's website [http://www.dol.gov/ebsa/publications/401k\\_employee.html](http://www.dol.gov/ebsa/publications/401k_employee.html) for an example of the long-term effect of fees and expenses.

**Performance Information**

The table below shows how plan investment alternatives have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the Website(s). A glossary of terms used in this notice may be found at <http://www.nwp401k.com/glossary-of-investment-related-terms/>.
